My dear Mr. Wainwright.-

Your two kind communications have quite touched my heart. Particular the note conveying the sympathy of the Vestry in Mrs Washburne's illness. The affection and prayers of our friends have buoyed us along over a very trying experience; and it helps to know that we can continue to lean heavily upon them through whatever a merciful Providence may have in store for us.

I wish further to express grateful acknowledgment for the addition of $1.000.00 to the Rector's salary. After several consultations and careful debate with myself, I herewith accept your generous action.

My hesitancy in doing so has been due to my concern not to jeopardize your confidence in my disinterestedness in building up the parochial resources, and also to my realization of the necessity for vigorous work on the part of some laymen if our present standard of support is to be made permanent.

However in justice to the future, it would seems but right that I should gratefully assent to this better index to the standard of support which this important parish should provide for its rector.

And in doing so I want you to know how deeply I appreciate your abounding partiality; and how fully I reciprocate it to you individually and collectively.

Very sincerely yours Louis C. Washburne
